About Us

Doğuş Çay, established as a family business in 1985, made its first investment in the tea sector. The activity area that started with tea, continued with sugar and canning activities in the following years.

Being able to see the future, to determine the right strategies against the changing consumer preferences and to take place in the market with products exceeding expectations and to compete without sacrificing quality and honesty has been the basic dynamics of Doğuş Çay's development since the year it was established. With the investments made with this point of view, the products produced under Doğuş Çay brand have become the decisive elements of the competition in the sector they are playing with.

Doğuş Çay's production journey began with the granting of production permits to private establishments in Turkey. The investments that started with cast tea firstly, continued with the production of bag tea, green tea and plant-fruit tea in the following years. Keeping its standards high in the direction of high targets, Doğuş Çay received TSE, ISO 9001, ISO 22000, ISO 14001, and ISO 45001 certificates since the year 2000. In the hygienic facilities according to EU norms, the products produced without touching and subjected to continuous laboratory tests were presented to the consumer with preference for Turkish flavor, ideal color and unique smell. Doğuş Çay, which has 5 tea processing plants in Rize and 1 tea packing plant in Ordu and an annual production capacity of 50.000 tons, with its dynamic structure that rapidly adapts to innovations and steadily rising graphics, has become the leading brand of the private sector. With the decision taken in 1994, Doğuş Şeker production started to support the tea category and expand its product portfolio. Doğuş Çay expanded its field of activity with the production of tomato paste under the brand name of Doğuş Garden in 2008, in order to continue its leadership in tea and sugar categories in other branches of food and in the direction of growth decision in food sector. Doğuş Garden Tomato Paste and Canned Plant which is located in Ödemiş district of İzmir where the most fertile land for tomato farming is located and has 7 thousand 500 m2 closed area established on 70 thousand m2., is located in the center of efficient farming areas where tomato cultivation is performed in Turkey.

Doğuş Çay, which entered the category of chips with an international purchase with a strategic decision in 2013, established one of Turkey's most modern chips factories in Aksaray Organized Industrial Zone. The company, which brought infrastructure and employment studies into life for chip industry, added 'Chips Master' to its brand portfolio in 2015 as well as Patos, Cipso and Çerezos brands.

Continuing its advancements in the food sector in 2016, Doğuş Çay also entered the cold tea category as a result of its long-term and intensive R&D works. With the establishment of a cold beverage production plant with annual 100.000.000 liter production capacity in 2015 in İzmir, Doğuş Tea extended its expertise in the tea market to the cold beverage category.

In 2018, with the decision to further investing in the sugar category, Dogus Cay acquired and commissioned Afyon Sugar Plant, which has one of the highest production quotas in Turkey.

Doğuş Çay aims to excellence just like its products with its sales organization that it has created to provide the fastest and most accurate service to its business partners and sales points.

We were established in 1985 to adorn and add enjoyment to each moment of life

DOĞUŞ TEA

Entering the hot drinks sector with production of bulk tea in 1985, Doğuş Çay continued its investments with production of bag tea, green tea and herbal-fruit tea in the following years. Having 50 thousand tons of production capacity with its 5 tea processing facilities in Rize and 1 packaging facility in Ordu, Doğuş Çay has become a leader brand of the private sector thanks to its dynamic structure that adapts to innovations quickly and ever-progressive attitude.

DOĞUŞ CHIPS

Entering the chips category with an international acquisition with a strategical decision in 2013, Doğuş Çay established the most modern chips facilities of Turkey in Aksaray OGS in addition the facility located in Pendik district. Producing higher-quality and completely local chips for its consumers, Doğuş Çay is a must for chips lovers while offering flavors for each taste with Patos, Cipso and Çerezos brands.

DOĞUŞ TOMATO PASTE

Expanding its fields of activity with tomato paste production in 2008, Doğuş Çay adds quality and taste to foods with its tomato sauces, while leading to make high-quality tomato agriculture in Turkey with its 8000 tonnes annual production capacity facility, located in Ödemiş district of İzmir province, where the most productive lands are located.

DOĞUŞ SUGAR

Doğuş Çay entered the sugar industry in 1994 to support its tea category and expand its product range. Becoming a sector leader in a short time, Doğuş Şeker acquired and commissioned Afyon Sugar Facility in 2018, with 150.000 tonnes annual production capacity, one of the highest production quotas for sugar factories in Turkey. Produced hands-free, Doğuş Şeker products does not leave foam and oil on the surface of tea and is one of the irreplaceable tastes for consumers as the most important supplementary taste joy of tea.

DOĞUŞ BEVERAGE

Maintaining its investments in the food sector, Doğuş Çay also entered into Ice Tea and Lemonade category in 2016 as a result of its long-term and intense R&D works. With its ice tea and lemonade production facility established in İzmir in 2015 with 100 million liters capacity, Doğuş Çay also showed its experience and assertion in tea market in cold bevarage category.

Pendik / Aksaray / Bursa Chips Factory

***İstanbul / Pendik Factory:** Doğuş Food acquired 100% of the share of Kraft Food in 2013, and also owned the factory in İstanbul/Turkey. İstanbul factory was established on 22,753 m² area and produces 21.000 tons chips in a year.*

***Aksaray Factory:** Doğuş Food built one of the most modern chips factory of Turkey at Aksaray Organized Industrial Zone in 2012. This factory was established on 70,400 m² area. It has 25.000 tons chips production capacity in a year. Pendik and Aksaray factories produce a total of 46.000 tons chips in a year.*

***Bursa / Karacabey Factory:** As of 2025, our facility with an annual capacity of 30,000 tons in Bursa Karacabey has become operational. Corn, Potato, Extruder and Popcorn chips will be produced with advanced modern technology.*
